

# INTERNET POLICY: NETWORK – WIRED & WiFi

- *Beyond The Wall Bed and Breakfast LLC may most likely be referred to as “Beyond The Wall” ... “BTW”... or “B&B” on its website, Facebook Page, verbally over the phone or on premise. In any document originating from its website, Facebook Page or from on premise, or verbally over phone or on premise, these abbreviations and acronyms are to be considered the entity Beyond The Wall Bed and Breakfast LLC*
- *As with all policies, ours are subject to modification at any time. If you have any questions regarding this policy, please ask for clarification or to ensure that you have the most accurate and up to date pertaining information*

***Wireless (WiFi) Password – Posted on board in Main Building, in the indoor eating area***

***For security and convenience, this is the most appropriate place***

**By choosing to use this FREE, BTW Wired and Wireless Internet Service you agree to abide by Beyond The Wall’s (BTW) Internet Policy (both Wired and Wireless) that prohibits abusive or illegal activity while using BTW’s Internet service**

***From this point on, the term Internet specifically applies to both Wired and Wireless connectivity and the use of the terms “Network” and “Internet” are to be considered accurately interchangeable for the purposes of this document***

This service is free of charge and subject to the terms and conditions of use as follows:

## **Limitations & Disclaimers**

- Network access is provided as a guest service free of charge on an as-is basis with no guarantee and no warranty. All Network Services are provided on an “as is” basis. We do not warrant that the Network Service is fault free or fit for any particular purpose, or that our system is 100% secure. You assume all responsibility and risk for use of the Service
- Information passing through BTW’s Network Service is not fully secured (no such capability exists for wireless) and could be monitored, captured, or altered by others. There are risks involved with connecting to a Network Service, such as possible viruses, malware, loss of data, possible hacking/snooping by others connected, possible hardware/software failure. It is your sole responsibility to protect your information from all risks associated with using the Network Service, including any damage, loss, or theft that may occur as a result of your use of BTW’s Network Service
- BTW’s Network Service is subject to periodic maintenance and unforeseen downtime. BTW will always try to make the Network Service available, but it may be interrupted, limited or curtailed due to maintenance and repair work, transmission or equipment limitations/failures or due to an emergency. We are not responsible for data, or messages that you may lose or that become misdirected because of interruptions or performance issues with the Network Service

- All Network Service users should have up-to-date antivirus software installed on their computers
- The equipment owner is responsible for setting up their equipment to access BTW's Network Service. BTW staff is not permitted to handle or CONFIGURE your laptop, tablet, smart phone, peripheral equipment or any other Network Service capable device. BTW staff cannot provide more than general assistance in getting connected to BTW's Network Service
  - EXCEPTION – If Gallery Conference Room is booked for guests or conference and is having technical issues, our certified and full time IT Staff will absolutely remediate all problems
- BTW assumes no responsibility for the safety of equipment; users must keep their equipment with them at all times
- In using this free Network Service, you agree and hereby release, indemnify, and hold harmless, BTW, its staff and owners, and any affiliate, from any damage that may result from your use of this Network Service
- While using this Network Service, you acknowledge that you are subject to, and agree to abide by all laws, and all rules and regulations of the City of Dunedin, the State of Florida, and the US Federal Government that is applicable to Network Service use
- In agreement, you do not use BTW's Network Service to make offensive or nuisance communications in whatever form. Such usage includes posting, transmitting, uploading, downloading or otherwise facilitating any content that is unlawful, defamatory, threatening, a nuisance, hateful, abusive, harmful (including but not limited to viruses, corrupted files, or any other similar software or programs), a breach of privacy, or which is otherwise objectionable
- At its sole discretion, BTW may temporarily or permanently terminate this free Network Service at any time without prior notice
- Printing may be available via the wireless connection. If the user desires to print, the file may be saved to a flash/thumb drive to print directly from the printer or via a wireless print application from your phone or other wireless device. It is expected that this free printing not be abused but that its use be for printing single pages of information (directions, maps, airline tickets/itineraries, etc) and not double-digits of pages. Information and instructions about wireless printing applications that are compatible with BTW's wireless printer will be posted above the printer as well as how to obtain them

- Due to limited bandwidth, during peak hours BTW staff may limit the type of Network Service or bandwidth
- You agree not to modify or attempt to modify BTW's IT Equipment or any other equipment or configurations involving or reliant on the Network Services for ANY reason or use the Network Services for any fraudulent purpose, or in such a way as to create damage or risk to our business, reputation, employees, suppliers, facilities, third parties or to the public generally. Any attempt to circumvent BTW procedures or any unauthorized attempt to access or manipulate BTW's IT Equipment or Network Services will result in permanent disconnection from BTW's Network Services and may be grounds for removal from property, followed by legal action
- If you do not agree to the above terms, please disable the Network capabilities of your Network Services capable device to include wireless connections or completely power off your Network capable device

Connecting to BTW's Wireless Network Service requires a device with wireless capability supporting the WiFi Standard of IEEE 802.11 N/AC
